

# Financial Services for Dairy Producers

*Diverse services to suit your hedging and price risk management needs*

## Choose the plan that works for you!

### Plan #1 - Rice Dairy Brokerage

Dive into the dairy markets with a Rice Dairy broker. Work with them to manage your price risk, execute trades, and gain a better understanding of the dairy markets. Also receive our market research, which includes producer specific reports and grain analysis.

#### **Details:**

- ▶ Execution services for \$45 per trade (round turn)
- ▶ Complimentary subscription to our market research

---

### Plan #2 - Vault Technologies Software

Vault Technologies empowers dairymen through its financial software by providing them with the relevant data and the forecasting power they need to make more informed decisions. Our software combines dairy farm data with futures prices to create a two-year forecast of your business. We offer a data-driven road map to help you achieve your business goals and a forecast that evolves with your business.

#### **Details:**

- ▶ Sign up for a \$900 monthly subscription OR
- ▶ Sign up for a \$9,000 yearly subscription and save \$150 every month

---

### Plan #3 - Rice Dairy + Vault

Save money on your annual Vault subscription by using Rice Dairy as your brokerage.

#### **Details:**

- ▶ Execution services for \$45 per trade (round turn)
- ▶ Sign up for a \$8,000 yearly subscription and save \$230 every month
- ▶ Complimentary subscription to our market research
